

# DIAMONDSHARP SUPER PIRANHA

" Our name says it all "

EMERGENCY RESCUE and  
DEMOLITION DIAMOND BLADE

2

No question about it, our Super Piranha diamond blade is the finest quality demolition type blade made for dual functions. Use it for emergency rescue work or demolition type work.

Quickly slices through sheet metal and steel on emergency calls in less time than other similar blades and it won't bind up in the cut.

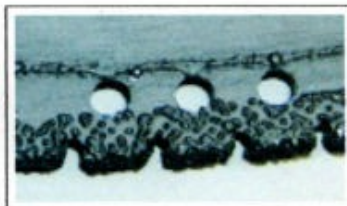

Faster cutting and longer lasting than abrasive blades, our SUPER PIRANHA eliminates the need for frequent blade changes during emergency rescue.

Ductile Iron Pipe	Cast Iron Pipe	PVC Plastic Pipe
Chainlink Fencing	Sheet Metal Doors	Wooden Pallets
Metal Drywall Studs	Plaster - Wood Lathe	Masonry & Brick
Concrete & Rebar	Clay Roofing Tile	Asbestos Siding
Auto Bodies	Scrap Metal	Decking
Rubber - Steel Rims	Steel Doors	Aluminum-Copper

When cutting rubber or any friction type material we recommend water as a coolant. For asphalt shingles: switch to our PIRANHA Carbide- tipped demolition blades. PIR-12 PIR-14 PIR-16 (see catalog page 1)

Diamond is vacuum brazed onto segments which are then laser-welded to the steel saw core. This method is superior to electro-plating.

The cooling holes serve to dissipate any heat buildup resulting in longer sawing cycles, an important factor making it the preferred blade in critical rescue work.

Shown: Laser-welded segments with large sized industrial type grit.

Both sides of Diamondsharp Super Piranha Jr. blade shown above have a silicon carbide hard facing that prevents drag and resistance, allowing the diamonds to do their work while maintaining side clearances.

Hard facing also serves to remove rough metal burrs when cutting into metal.

Shipped with 1-inch bore including a 20-mm bushing included for use on Stihl saws.

## Super Piranha is the fastest cutting saw blade of its kind.

Nominal INCHES	Nominal METRIC	PART NO.	Manufactured List	Wholesale Price
12" x .125 x 1" - 20 mm	305 x 3.2 x 25.4 or 20 mm	PIR - 1212 - Super	\$220.00	\$109.95
14" x .125 x 1" - 20 mm	350 x 3.2 x 25.4 or 20 mm	PIR - 1412 - Super	270.00	\$134.95
16" x .125 x 1" - 20 mm	400 x 3.2 x 25.4 or 20 mm	PIR - 1612 - Super	370.00	\$184.95
